Bryson Howell

252-883-3662 | bhowell5@ncsu.edu | linkedin.com/in/b-howellcmd | b-howellcmd.github.io

EDUCATION

North Carolina State University   Raleigh, NC
Bachelor of Science in Computer Science   *Aug. 2023 – Dec 2025*

Wake Tech Community College   Raleigh, NC
Associate's in Computer Programming & Development   *Aug. 2022 – Dec 2024*

PROJECTS

Portfolio Website | *HTML/CSS, JavaScript*   2024
- Ensured responsiveness and compatibility across different devices and browsers.
- Designed visually appealing web pages to showcase my projects and who I am
- Used GitHub pages to host my portfolio website b-howellcmd.github.io

Upcoming Games Calendar | *HTML/CSS, JavaScript*   2023
- Used third-party API's to show the release date of upcoming video games
- Created a identifiable calendar format to showcase upcoming game releases

iRes | *JavaScript*   2023
- Created a terminal based app to show the users computer resources
- Used Node to build and run the app
- Using the terminal UI packages to build the UI for the terminal to improve the ux

EXPERIENCE

UbreakiFix   Feb. 2022 – Oct. 2023
Repair Tech/Assistant Manager   *Rocky Mount, NC*
- Interacted with customers to gather information about device issues, provided transparent explanations of repair processes, and advised on necessary repairs or replacements.
- Demonstrated effective leadership by providing clear direction, guidance, and fostering a positive work environment for team members.
- Excelled in collaborative teamwork, promoting open communication and fostering a sense of unity among colleagues to achieve shared objectives.

Tech @ NC State (Programming Club)   Aug. 2023 – Present
North Carolina State University   *Raleigh, NC*
- Actively participated in the college's programming club, engaging in coding challenges, hackathons, and group projects to enhance coding proficiency and problem-solving skills.
- Currently working on the back-end portion of our web service using Django.
- Collaborated with peers on innovative software projects, showcasing the ability to work in a team and deliver successful coding solutions in a club environment.
